Report on the implementation of Security Council resolution 2321 (2016)

With reference to paragraph 36 of Security Council resolution 2321 (2016), in which the Council calls on all States to report on the measures they have taken to implement effectively the provisions of the resolution, the Government of the Arab Republic of Egypt is honoured to confirm that it has taken note of the aforementioned paragraph and has informed all relevant ministries and State organs of the provisions of resolution 2321 (2016), so that they may take the necessary measures to implement them. The Egyptian authorities have already taken the measures required to implement the provisions of the resolution whenever they have been applicable to the inquiries and notifications that they have received in this regard.

In line with the efforts of the Government of the Arab Republic of Egypt to implement Security Council resolutions that impose sanctions pursuant to Chapter VII of the United Nations Charter, the Egyptian Prime Minister issued decision No. 433 on 18 February 2016 establishing the National Coordinating Committee for Implementation of Sanctions Imposed by the United Nations Security Council. This Committee is composed of the relevant ministries and national agencies and convenes regularly, holding extraordinary sessions when necessary. It is the entity that coordinates all governmental policies and efforts related to sanctions imposed by the Security Council.

The general national committee and the national subcommittee on sanctions imposed by the Security Council on the Democratic People's Republic of Korea have held meetings on the implementation of the relevant Security Council resolutions, and the members of the subcommittee have adopted a number of decisions regarding the audit and review of any commercial or investment activities involving any Democratic People's Republic of Korea individuals or entities. The Prime Minister has also issued instructions to that effect.
